YardScale DIGITAL

PROPOSAL YSD-2026-AVF
ISSUED 29 AUGUST 2026
VALID UNTIL 12 SEPTEMBER 2026

PREPARED FOR AV FARM SUPPLIES

Landing page, content, and leads in 30 days.

One page that converts, your existing content pushed out organically and behind paid spend, and every enquiry landing somewhere you can act on it.

CLIENT	ENGAGEMENT
AV Farm Supplies	30 days
TOTAL	DEPOSIT
JMD $40,000	JMD $20,000

01 The short version

Your landing page is built. Over the next thirty days we put it to work: your existing photos and video reformatted and posted on a schedule that holds, paid campaigns behind the pieces that perform, and every lead that comes back captured in one place with a name, a number and what they asked about. **One fixed price of JMD $40,000** — half to start, half on launch. At day 30 you get the numbers and a written next step, and you can carry on month to month.

02 What's included

WEB

The landing page, live and yours

- One page with one job — turn a visit into an enquiry
- Mobile-first and built to load fast on local mobile data
- Enquiry form plus click-to-chat straight into your WhatsApp
- Your products, prices and delivery areas laid out plainly
- Hosting configured, domain connected, analytics wired in
- Handed over documented — nothing you run depends on us

ORGANIC

Your content, posted properly

- Built from the content you already have — product shots, yard photos, video
- Reformatted, captioned and cut for each platform
- A posting calendar built and run by us for the full 30 days
- Hooks and angles tested against each other, not guessed at
- What performs gets made again; what doesn't gets dropped

PAID

Advertising behind what works

- Meta campaigns — Facebook and Instagram — built, launched and managed
- Audiences targeted by parish, farming type and buying intent
- Ad creative cut from your existing content, not stock
- Monitored daily, with budget moved to the ads that convert
- Retargeting for people who hit the page and didn't enquire

> Ad spend is paid by AV Farm Supplies directly to Meta and sits outside this quote. You set the daily budget and you keep control of it.

LEADS

Lead generation and handover

- Every enquiry captured in one place — a shared sheet or your inbox, your call
- Name, contact, source and what they were asking about
- Reply templates so nothing sits unanswered overnight
- Weekly check-in on what's coming in and what it's costing
- Day-30 report: leads, cost per lead, best-performing content, next step

03 What's not in this

- × Ad spend — paid direct to Meta by you
- × Online checkout or card payments
- × Work past day 30 — that's the retainer
- × New photo or video shoots — this works from content you already have
- × Print, radio or outdoor advertising

04 The thirty days

WEEK 1

Set up

Page finalised and tracking installed. Ad accounts, pixel and channels prepared. Your existing content audited and sorted into what we can use.

WEEK 2

Live

Landing page goes live. Organic calendar starts posting. First paid campaigns launch with the strongest creative we have.

WEEK 3

Read and adjust

Two weeks of real numbers. Losing ads switched off, budget moved behind the winners, fresh hooks cut from what week 2 told us.

WEEK 4

Push and report

The angles that work get scaled to the end of the month. You get the day-30 report and a written recommendation for what comes next.

05 Investment

ITEM	AMOUNT
Landing page Build, launch, hosting setup and documented handover	Included
Organic content distribution — 30 days Reformatting, captions, calendar built and managed	Included
Paid advertising — 30 days Campaign build, creative, daily management and optimisation	Included
Lead generation, tracking and reporting Capture system, reply templates, weekly check-ins, day-30 report	Included

TOTAL — FIXED

JMD $40,000

One fixed price for the thirty days. Nothing is billed on top of this figure, and it does not change once the deposit is paid.

PAYMENT 1 — TO START 50%

JMD $20,000

Due on acceptance of this proposal. Work begins the day it clears.

PAYMENT 2 — ON LAUNCH 50%

JMD $20,000

Due the day the landing page is live and the first campaigns are running.

06 After day 30

Carry on, month to month

The thirty days are designed to stand on their own — at the end of it the page is yours, the content system is documented, and you have real numbers on what your leads cost. Nothing about this proposal locks you into anything after that.

If you want it to keep running, we continue on a monthly retainer: the posting calendar, paid campaign management, lead handling and a monthly report. The rate is set at the day-30 review and priced against what the first month's numbers actually show, so you are never paying against a guess.

Month to month, thirty days' notice either way.

07 What we need from you

01 Your existing content — product photos, yard photos, any video

02 Product list, prices and the areas you deliver to

03 Logo files and anything brand-related you already have

04 Admin access to your Facebook and Instagram, or a Business Manager invite

05 The WhatsApp number enquiries should reach

06 One person who can answer questions and sign off

07 A daily ad budget you're comfortable with, paid direct to Meta

08 Acceptance

Signing below accepts the scope, the timeline and the fixed price of JMD $40,000, with JMD $20,000 payable on acceptance and JMD $20,000 on launch.
